the following mass meetings during the cam-paign, at which the candidates on the Repubhean ticket will be present and discuss the political questions of the day: boenix.

THE MARKETS.

New York Stocks.

New York, October 1.—In the stock market today the strength in silver certificates was the prominent feature in the early trading and helped along materially the improved feeling in stocks. Heavy pressure by bears, however, caused a material decline this afternoon, but this was checked in the last hour and the mar-ket closed fairly steady, nearly all the final changes being fractional advances.

The following were the closing quotations Pacific Mail
Texas Pacific
Union Pacific
Weils-Fargo Express
Western Union \$4.861c. Bar sliver \$1.135c.

ARIZONA REPUBLICAN. HOFF, OF TUCSON!

BELOW IS A CUT OF THE TERRITORIAL RENOWNED CHARLES F. HOFF, COMMONLY RHOWN as HOFF, of TUCSON Mr. Hoff is Manufacturers' Agent and Merchandlse Broker, with honologuarters at Tucson. He is the gentleman that has agitated the windmill question to much, the results of which are being seen all over the Territory, and which is turning the barren description between the second control of the property of the control of the con

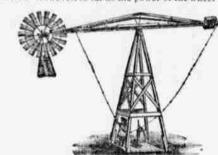

THE AERMOTOR WINDMILL

Shows an increase of 35 per cent in power over all other mills. The wheel is entirely of STEEL; sun, Rain or Storm therefore have no effect on the same.

It is sold with or without TILTING TOWERS FIXED TOWERS are the cheapest, but the TILTING TOWER is the most convenient; same brings the wheel down to the ground for oiling. Think of it; the wheel convenient; same brings the wheel down to the ground for oiling. Think of it; the wheel rooms down to you.

The ÆRMOTORS have from 4 to 16-inch strokes. Three revolutions of the wheel to one Stroke of the pump allows it to start up easier under a heavy load, and runs when other wheels are idle, not being "quite" sufficient wind to run other mills. The wheel itself being so LIGHT, runs so much faster when started, and thus gains more in speed than it loses in the stroke. But these are only a few reasons why the ÆRMOTOR is superior in Power, Construction and Durability to all other wind motors. However, so far as the power of the wheel is concerned, the greatest

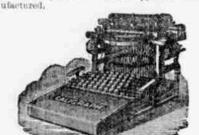

Weils-Fargo Express 140
Western Union 252
Money on call easy at 253 per cent. Prime would be too tedious. Suffice it to say that this claim is based on numerous dynamometric tests on more than sixty different wheels, and that the ÆRMOTOR has been submitted to long and applied practical tests, in conjunction with the leading wind-motors of the country, and it has been proven by actual trial and measurement that the 8-foot Steel ÆRMOTOR will pump more water in the same time, in any kind of wind, and will do the same work in lighter wind than the best of 10-foot wooden wheels made. The ÆRMOTOR WIND ENGINE, without exaggeration, is the greatest invention of the nineteenth century, and every home in Arizona should have one, as a none without a windmill is like a library without books, a home without a soul.
